## ROOMS + MODERN LOVE

Though this Wellington home has Mediterranean undercurrents, the homeowners wanted to reflect their more modern style. P&H Interiors added contemporary light fixtures for drama, and created dark wood custom cabinetry to display their collection of modern art and hand-blown glass, creating a custom designed home that reflected the homeowners' modern taste and showcased their beloved objects. *P&H Interiors, Coral Springs (954-341-7335, pnhinteriors.com)*
