CARLOS ARISTIZABAL

Ebony and Ivory

For this Boynton Beach master suite, the design team at **P&H Interiors** juxtaposed rich and sleek components to create a handsome bedroom with a touch of femininity. Lustrous finishes bounce off the ebony furnishings and moldings throughout the space, while the modern, gold-leaf framed Christopher Guy mirrors lend depth. Metallic Greek key embellishments on the nightstands from Hickory White add a subtle flair to the sophisticated color palette of gray, silver, white and black. The sleek poster bed is all about architecture and is offset by Corbett Lighting's statement Bliss chandelier (inset), which cascades with nickel and crystal tassels. *Coral Springs (954-341-7335, pnhinteriors.com)*
